

Continuing Education Units

In order to maintain your CMRS certification, AMBA requires completion of 15 continuing education units (CEUs) annually. We have several methods of approved continued education.

CEUs must be earned in the calendar year following your initial CMRS Certification but by your anniversary date.

We do consider accepting CEUs that are not listed below on a case by case basis. CEUs might include magazine subscriptions, seminars, videos, online subscriptions, online courses, etc.

Non pre-approved CEUs will be awarded at half the value of pre-approved CEUs. If something is not listed here, then it will be awarded at half credit.

Half (7.5) of your total CEUs earned must come through AMBA training, courses, webinars, seminars, workshops, chapter meetings, pre-approved vendor list and or products.
